“JTC aims to become the company that can be admired by the world”

In 2018 JTC Inc, with the profound meaning of its 25th anniversary, was listed in the KOSDAQ (Korean Securities Dealer Automated Quotations) market.

Being listed in the KOSDAQ was a priceless result of ‘affection’ through gifts and connection among people. We send sincere appreciation to our customers whom highly valued our products and services.

Since the end of 20th century, rapid technological advancement and expansion of distribution network has caused a great global transformation. For example, internet shopping and mail-order has deeply penetrated everyday life.

However, people will not forget about the ‘affection of gifts’, as long as the admirable devotion in gift lasts.

The Chinese word ‘観光 - Tourism’ has originated from the philosophy book phrase called ‘觀國之光, 利用賓于王’. The phrase can roughly translate into ‘Going to see the splendor of the country’. The history of ‘Tourism’ has been growing alongside with mankind, and it continues to develop and evolve to keep up with the sense of times.

In order to contribute to future tourism society, we promise to create new value and excitement through the fusion of entertainment and Tax-free shops by building various tourism platforms. We will strive to become ‘the company that can boast to the world’.
